The Right Words

May, 2010

Jane Porter's life is all about fiction, but when it comes to dealing with her inconsiderate upstairs tenant, she's all business. The cuffs are off when her noisy neighbor jolts her out of a sound sleep with a cacophony of banging thuds and her erstwhile favorite workout musicians, the Ramones. Imagine her surprise to find the offending party is not her flighty neighbor, Amber ... but a sizzling, melt-your-panties Adonis, Lucas Moore.

Can a dangerous, ex-government agent and a friendly, outgoing writer have anything in common other than combustible physical attraction? And when the flames of passion are banked, can Lucas and Jane trust the tentative bond they're building beyond the bedroom?

Sometimes, the right words can make all the difference in the world.
